

Course Aims

The new National Curriculum places a greater emphasis on the purpose of writing. This course aims to identify purposeful and engaging opportunities for writing and provide contexts for application of knowledge and skills. We will also consider the place of writing across the curriculum as evidence for assessment of writing.

Who should attend?

There are sessions for Key Stage 1 teachers in the morning and Key Stage 2 in the afternoon. Literacy subject leaders and key stage coordinators are also welcome.

How to attend

Please return the booking form to steph@amkeducation.co.uk by Wednesday 21 February 2018. The booking form is also on the website above with a link to book online. Places cost £48 each.
